DELHI UNIVERSITY LIBRARY SYSTEM DOCTORAL THESES COLLECTION

The Central Library of Delhi University Library System (DULS) is the Depository Library for housing, maintaining and servicing the collection of theses approved by the University of Delhi for the award of Degree of Doctor of Philosophy to its research scholars. This collection has 22669 doctoral theses on its rolls in about 50 subjects in which research is carried out under the aegis of the University.

DULS publishes an yearly catalogue of University research constituting details of theses and Dissertations. It is brought out under the title *Doctoral Research* on the eve of the Annual Convocation of the University. In addition, *Doctoral Research* also lists M.Phil. Dissertations approved by the University during the academic year.

Doctoral Research is the product of the new millenium. It was born in the year 2000. Historically, it has a genealogy spread over 50 years. Its immediate predecessor was the *Handbook of Research Activities*. The genesis of this *Handbook* dates back to the year 1957 when the Academic Council of the University decided to bring out a publication under the title *Abstracts of Theses*. However, it took seven years before the first volume of the *Abstracts of Theses* could be brought out on the eve of the Republic Day in January 1964 by the Registrar of the University. It reported abstracts of 50 theses prepared by the authors themselves out of a total of 70 theses accepted by the University by 1956-57.

Two decades later, in January 1984, another publication entitled *Doctoral Theses 1972-82*, reporting 1,825 theses was brought out by the University on the occasion of its Diamond Jubilee. In 1986, the idea of regularising this publication on a continuing basis and publishing it every year on the eve of the

Annual Convocation of the University under the title *Handbook of Research Activities* was revived by the Vice-Chancellor Professor Moonis Raza. The following volumes of the *Handbook* were published annually:

1.	Handbook of Research Activities	1986-87	127p.
2.	Handbook of Research Activities	1987-88	355p.
3.	Handbook of Research Activities	1988-89	331p.
4.	Handbook of Research Activities	1989-90	597p.
5.	Handbook of Research Activities	1990-91	545p.
6.	Handbook of Research Activities	1991-92	441p.
7.	Handbook of Research Activities	1992-93	357p.
8.	Handbook of Research Activities	1993-94	132p.
9.	Handbook of Research Activities	1994-95	191p.
10.	Handbook of Research Activities	1995-96	099p.
11.	Handbook of Research Activities	1996-97	188p.
12.	Handbook of Research Activities	1997-98	180p.
13.	Handbook of Research Activities	1998-99	119p.

The *Handbook* was superseded by *Doctoral Research* from the year 2000 and the following volumes of the New Series have appeared so far:

1.	Doctoral Research	Vol 1	2000	Ph.D. Theses :	351	174 p.

* This data is somewhat incomplete as some Departments have not responded to our request for lists of M.Phil dissertations.

Some theses of previous year have also been included in this volume. It is hoped that in the near future various Boards of Research Studies in Delhi University would initiate steps to ensure submission of theses and dissertations in electronic and digitised format, which would facilitate better and more scientific documentation involved in a reference work of this kind.

I am extremely grateful to numerous colleagues (named elsewhere in this volume) who have worked round the clock to produce this volume in a remarkably short period of just about a fortnight. I crave the indulgence of users of this volume and hope that they would exonerate them for typographical lapses.
