

CHAPTER 63  
TECHNOLOGY  
MECHANICAL ENGINEERING

Doctoral Theses

657. RAJINDER SINGH  
**Some Studies on ICE Slurry Refrigeration System.**  
Supervisor : Dr. Surendra S. Kachhwaha  
Th 22347

*Contents*

1. Introduction 2. Literature review 3. Experimental studies of ICE slurry generator  
4. Mathematical formulation for plate heat exchanger using ICE slurries 5.  
Experimental studies of ICE slurries in plate heat exchanger 6. Conclusions and  
scope for future work. References and appendices.
